Rethinking Possibilities, Reshaping Lives

For more than two decades, OsteoMed has remained sharply focused on meeting the needs of surgeons and their patients by rethinking clinical possibilities with a focus on procedural efficiency, efficacy and uncompromised quality.

A highly nimble and responsive company, OsteoMed is a leading global innovator, developer, manufacturer and marketer of specialty medical devices, surgical implants and powered surgical instruments.

Our success is driven by the ability to quickly develop and deliver innovative, quality products focused on improving patient outcomes and offer simple and cost-effective solutions for surgeons, hospitals and patients.

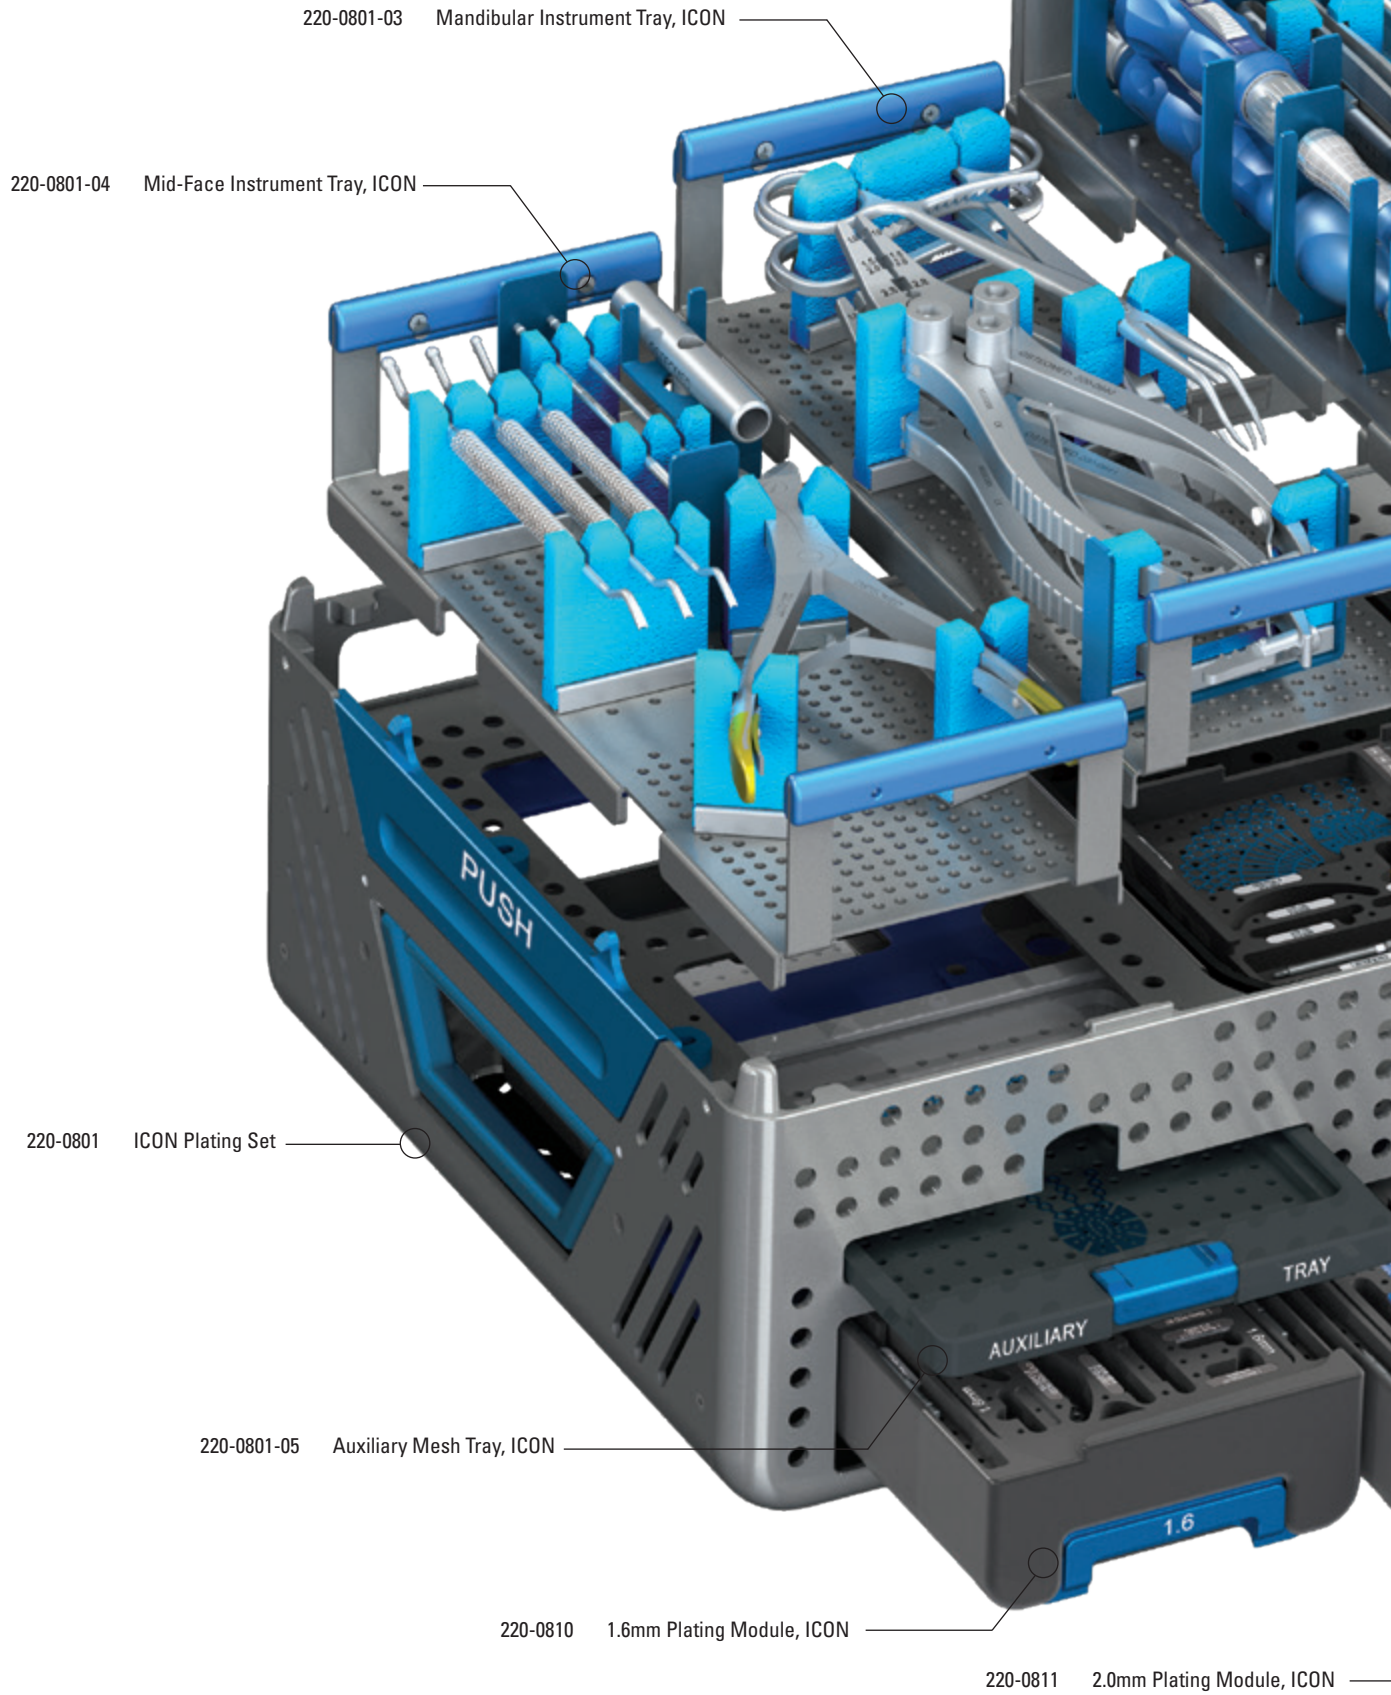

ICON

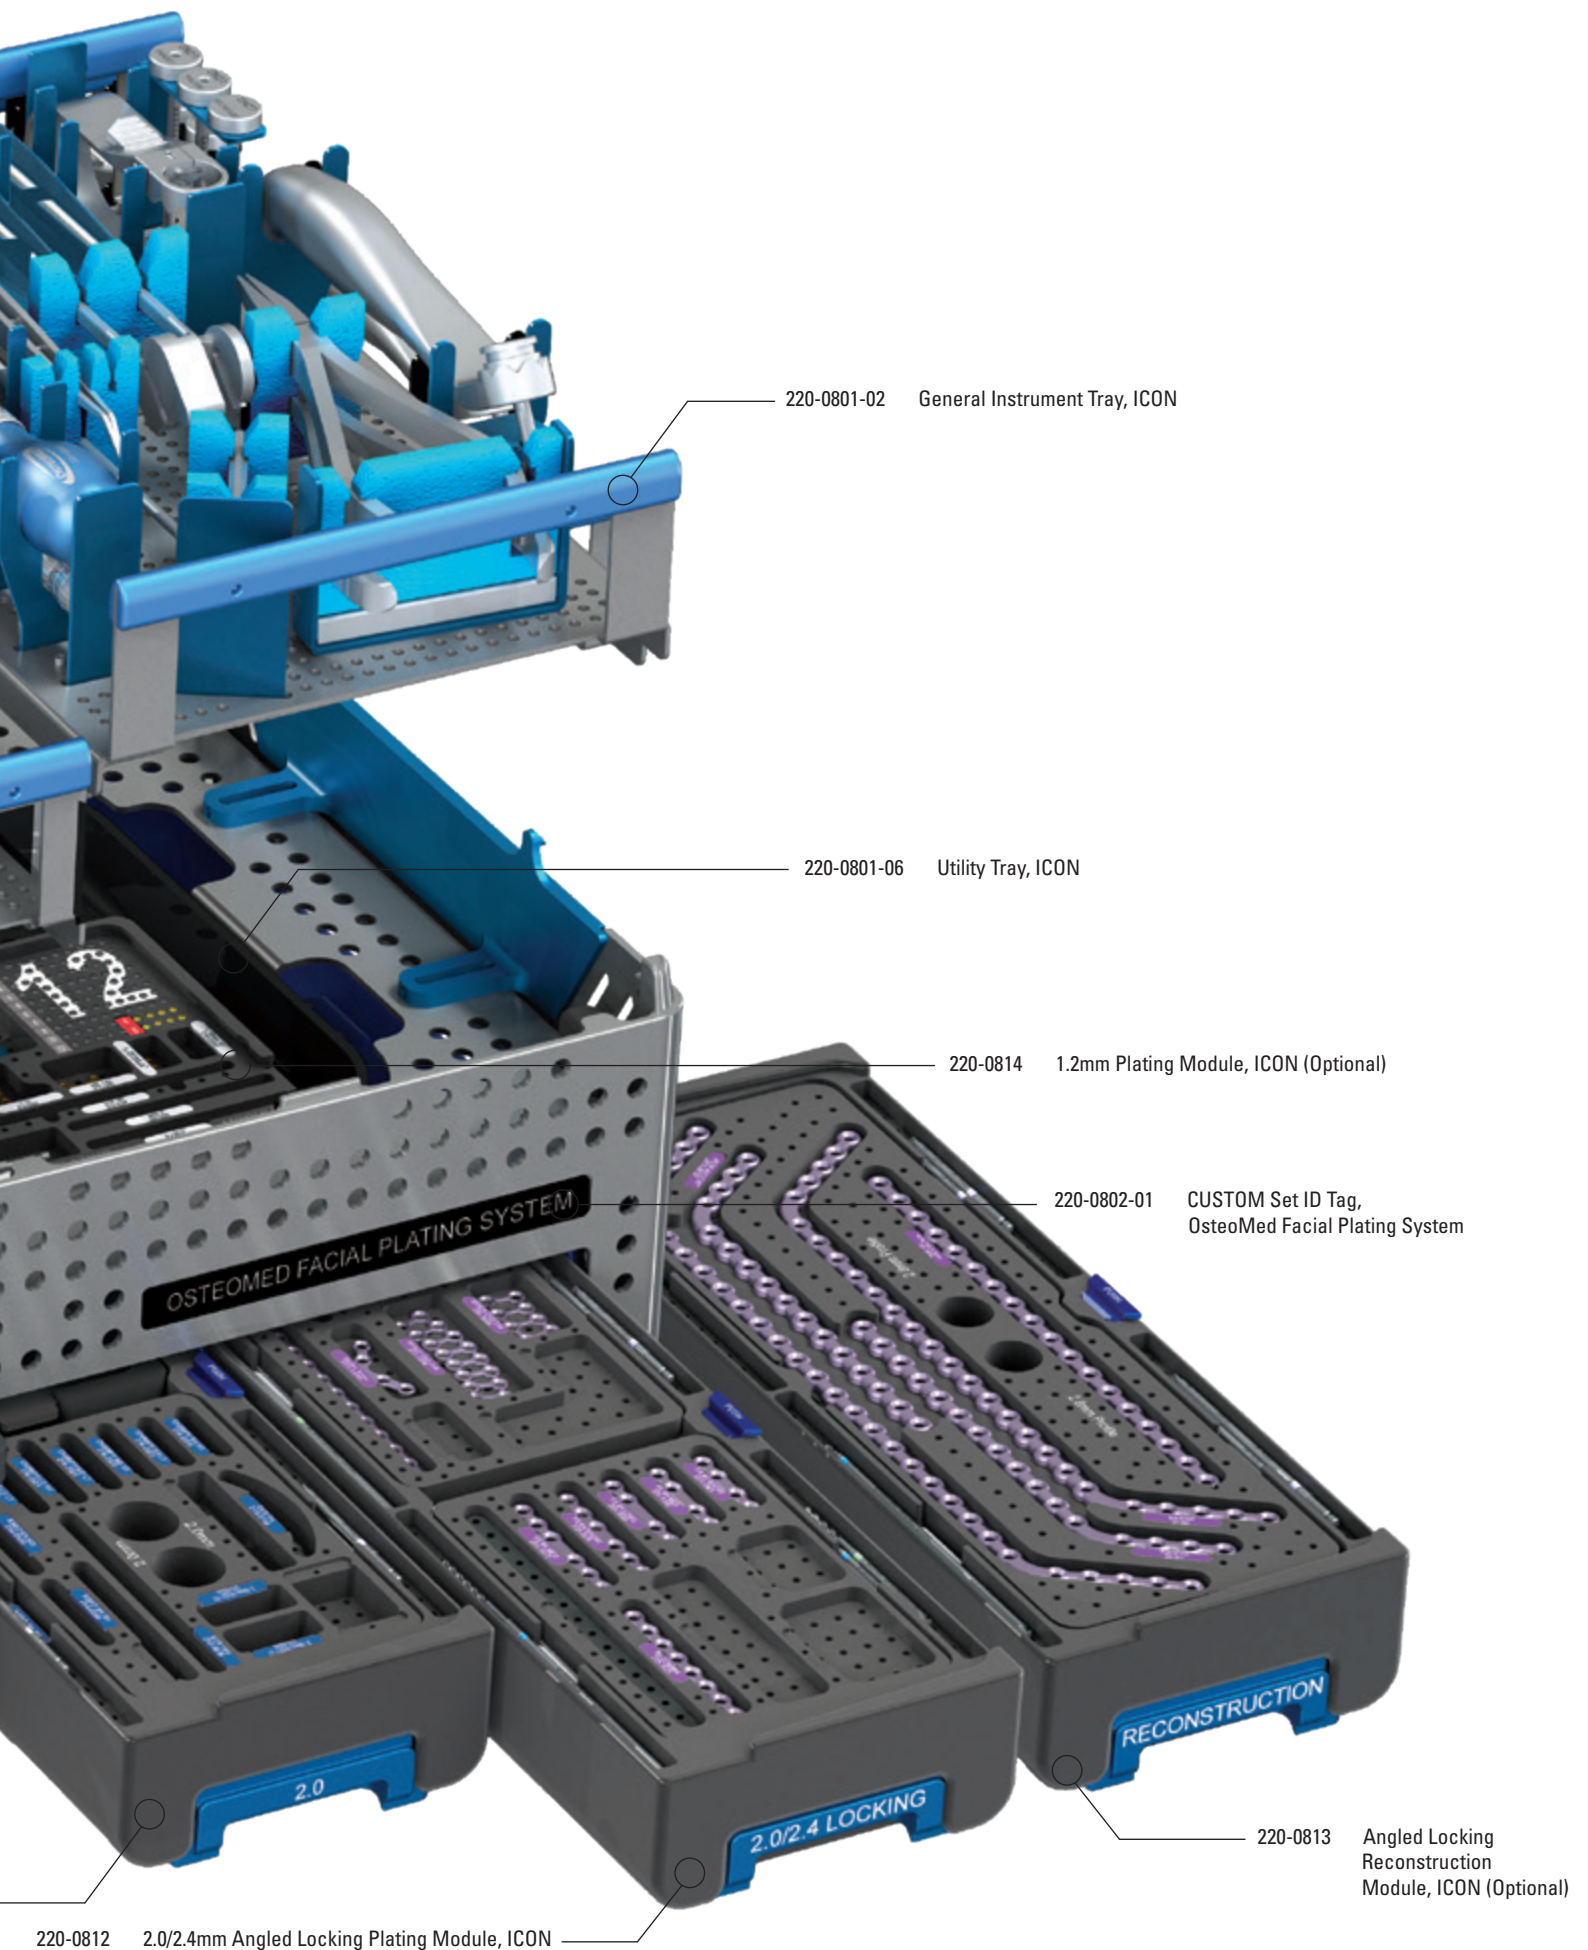

FACIAL PLATING SYSTEM

Improved. Customizable. Optimized. New.

OsteoMed's exciting new plating set includes all the features of a comprehensive CMF trauma system with the ability to customize for each customer's needs. ICON™ upgrades include improved instrumentation, integrated mesh drawer, and multipurpose auxiliary tray. The entire system is housed in a lighter-weight, sleeker case with intuitive plating blocks and screw modules.

SYSTEM OVERVIEW

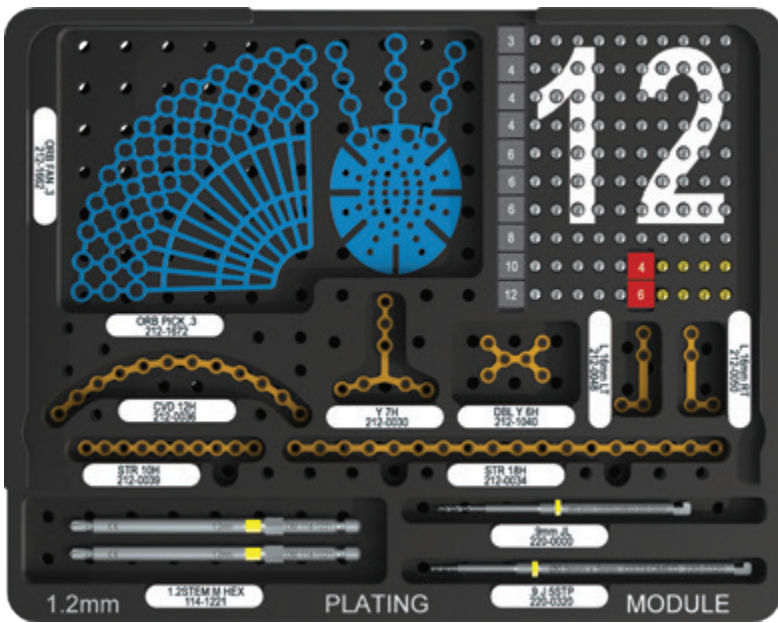

1.2 PLATING MODULE

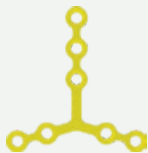

220-0814 1.2mm Plating Module, ICON
